The meeting was called to order at 6:00 PM by President McBride.

The Board reviewed and approved the financial package.

Rob discussed options we had on procuring keys for all residents, both the mechanics and affordability. We had options between \$700.00 and \$3,000.00 and up to \$10,000.00 for card readers. We will find an affordable solution.

We discussed the possible widening of Chaparral and involving all the Monterey residents in contacting the Transportation Committee and the Scottsdale Master Transportation Plan. See Newsletter for contact information. We need every one's help to keep our community as it is.

Our internet and phone services are hooked up and we have a TV, furniture, book shelves and pictures in both rooms, much of which was donated.

We have many needs remaining for the following year and encourage and appreciate any help, both time and donations.

Meeting adjourned at 7:15 PM
