**Next Board Meeting
Tuesday October 19th
5:30 in the clubhouse.**

**If you are unvaccinated please use a
mask and keep social distancing
Thank you**

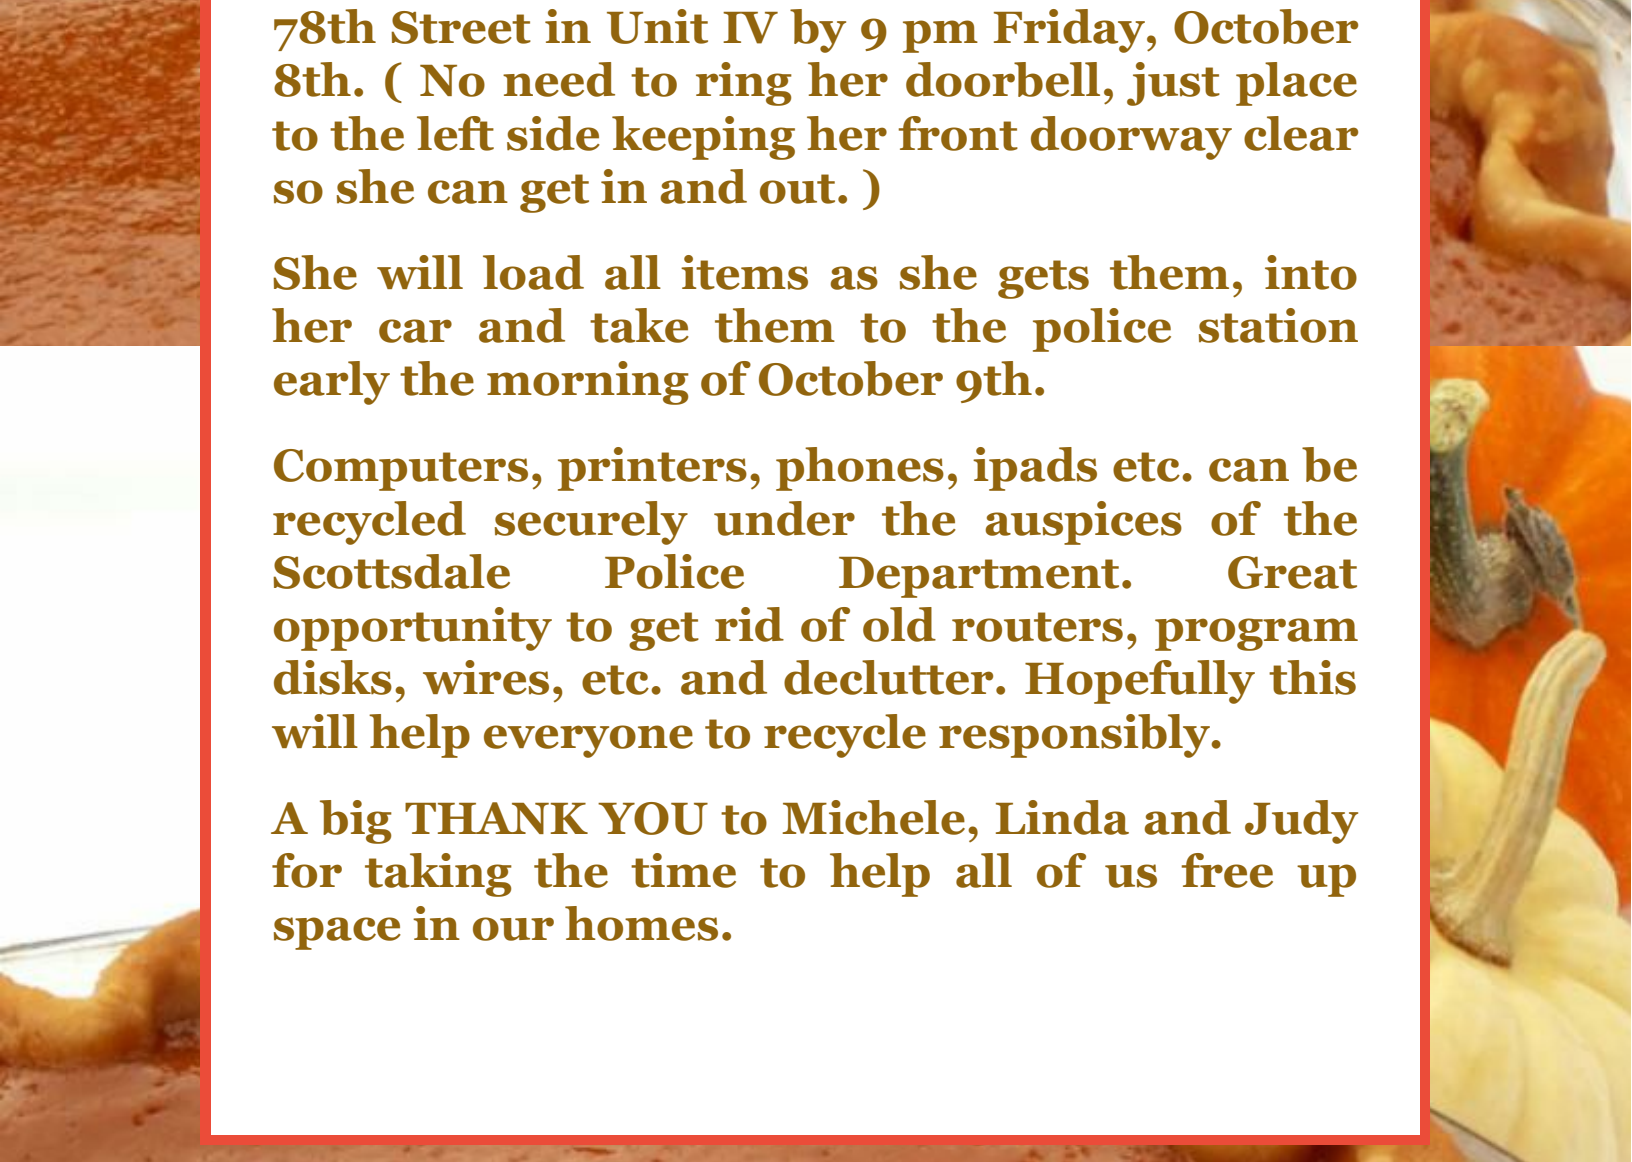

GO GREEN!!

***This is a reminder to take
advantage of this offer to recycle
your electronics***

***Mark the Date
On or Before October 8th, 2021***

Michele Kocour at 4920 N 78th Street has generously volunteered, along with Linda Dooner VMIV and Judy Rosenthal VMV to take your small electronic devices (no large TVs) that are no longer wanted/needed over to the main police station the morning of October 9th for the Scottsdale Electronics Recycle program.

Anyone can leave their smaller electronics to the left side of Michele's carport at 4920 North

A collage of autumn-themed images including pumpkins and gourds. The background features a mix of orange, yellow, and brown tones, with close-up shots of pumpkin stems and textured surfaces.

78th Street in Unit IV by 9 pm Friday, October 8th. (No need to ring her doorbell, just place to the left side keeping her front doorway clear so she can get in and out.)

She will load all items as she gets them, into her car and take them to the police station early the morning of October 9th.

Computers, printers, phones, ipads etc. can be recycled securely under the auspices of the Scottsdale Police Department. Great opportunity to get rid of old routers, program disks, wires, etc. and declutter. Hopefully this will help everyone to recycle responsibly.

A big THANK YOU to Michele, Linda and Judy for taking the time to help all of us free up space in our homes.
