

Time to de-clutter your home and recycle unneeded electronics items!

WHAT: The City of Scottsdale's free quarterly Electronics Recycling Event is coming up on February 5. VMIV's Michele Kocour is working with other Villa Monterey Units to make it easy for VMIV residents to participate. You may leave your items for recycling in Michele's carport a couple of days prior to the Event, and the team will take them to the Event on February 5. Details below.

ITEMS THE CITY WILL ACCEPT:

- Computers/Peripherals: PC's, printers, keyboards, scanners, mice, flat panel monitors, circuit boards and hard drives
- Office Equipment: telephones, cell phones, answering machines, pagers, typewriters and calculators
- Entertainment Equipment: cameras, televisions, VCRs, DVRs, DVD players and stereo equipment

ITEMS THE CITY WILL NOT ACCEPT:

- CRT televisions and monitors (also known as tubes), projection screen televisions. (You can place these out for brush and bulk collection.)
- Compact Fluorescent Lights (CFL) and Fluorescent Light Bulbs
- Batteries
- Appliances: air conditioners, can openers, coffee pots, microwaves, stoves & ovens, refrigerators, washers & dryers and hot water heaters
- No commercial materials will be accepted

WHEN: from Monday, January 31 until 8 pm Friday February 4 residents may leave their items for recycling in Michele Kocour's carport.

WHERE: **4920 North 78th Street.** Please leave items to the LEFT side of the carport on top of the sheets. **Please do NOT block entrance to the home or ring the doorbell.** They will be checking the carport frequently and bringing the items inside the house to protect and organize them. They will pack up the cars to take the items to the recycling event early the morning of the Feb. 5th.

WHY: This is a great opportunity to de-clutter your home and recycle properly and safely. It is a wonderful way to help the environment and to support the City's recycle efforts. It is a **VERY SAFE** way to get rid of your electronics.

SPREAD THE WORD: You are encouraged to tell your neighbors as they would like to take as much as possible. Many of our winter residents missed out on the last electronics recycling event so here is your chance to free up some space in your home. Residents from all Villa Monterey Units are welcome.

Thank you for spreading the word and for participating!

Many thanks to Michele and team for helping us be GREEN!
