Villa Monterey IV – Resort Park Association

A Quick Update for VMIV Residents

Special Board Meeting Monday March 13, 2023 at 5pm

We are making minor revisions to the by-laws as they relate to the election. This will be a short 15 minute meeting for the Board to vote on the by-law change. This is the only agenda item to be addressed.

About those citrus trees.....

All citrus trees must have fruit picked by April 1st. This is really important for the whole neighborhood as it helps keep the roof rats and other unwanted critters away. Thank you, in advance, for being a good neighbor on this topic.

Now I must go start picking a lot of citrus!

Have a great weekend everyone.
