Villa Monterey IV – Resort Park Association

An Almost April 2023 Bulletin

Hello VMIV Residents- This is newsletter is going to be a combination of reminders and updates. There's a list!

Social Activity Updates

*Donut Day- Sat April 1st from 9:30am-11 hosted by Joanie Reid

*Annual Meeting- April 15th at 4PM

Related- Ballots are due April 15th per the instructions

*Yappy Hour- the hours change effective April. They are posted outside each gate and will be updated on website as well. Please be aware that the continuation of yappy hour is contingent on everyone following the guidelines- adhere to the yappy hour times and stay on the opposite side of the walk thru from the pool. Dogs are not allowed in the pool area. Thank you for your cooperation. We have to think about all the residents.

General reminders

*Citrus should be cleaned off your trees now. I've seen a lot of citrus offered up on sidewalks so thank you to all for your diligence.

*Weeds- We've had a lot of rain and weeds are thriving so please remember to keep your yard weed free.

*Cats- We love animals here at VMIV and just as dogs need to be leashed, cats must be collared and should not roam beyond your property. This is better for them (coyotes are a threat) and better for your neighbors who don't want your cat in their yard. Its disruptive to their households and pets. Thank you for understanding.

Electronic Recycling- Michele Kocour has graciously offered to

manage this April 3rd thru the 7th. Below I am posting her instructions and she will also put flyers in the clubhouse. Thank you Michele!

We will be collecting electronics recyclables beginning Monday, April 3 through Friday, April 7, 2023. These items will be taken to the electronics recycling event held by the City of Scottsdale under the auspices of the Scottsdale Police Department. Here are lists of what you CAN and CANNOT recycle:

Acceptable items:

- Computers/Peripherals: PC's, printers, keyboards, scanners, mice, flat panel monitors, circuit boards and hard drives
- Office Equipment: telephones, cell phones, answering machines, pagers, typewriters and calculators
- Entertainment Equipment: cameras, televisions, VCRs, DVRs, DVD players and stereo equipment

Prohibited items:

- CRT televisions and monitors, projection screen televisions
- Compact Fluorescent Lights (CFL) and Fluorescent Light Bulbs
- Batteries
- Appliances: air conditioners, can openers, coffee pots, microwaves, stoves & ovens, refrigerators, washers & dryers and hot water heaters
- No commercial materials will be accepted

Drop-offs begin Monday, April 3, 2023 until 8 pm on Friday, April 7, 2023 residents may leave their items for recycling in Michele Kocour's carport located at **4920 North 78th Street**. Please leave items to the LEFT side of the carport on top of the sheets. Please do NOT block entrance to the home or ring the doorbell.

This is a great opportunity to de-clutter your home and recycle properly and safely. You are encouraged to tell your neighbors and family so we have as much as possible to recycle. If you have a neighbor who needs assistance getting the items to Michele's carport, please help them out or let Michele know of anyone needing assistance. We have great volunteers on this projects! Here is your chance to free up some space in your home!!

Once again, the City of Scottsdale and the Scottsdale Police oversee this event. It is a wonderful way to help the environment and to support the City's recycle efforts. It is a VERY SAFE way to get rid of your electronics.

A few strong people are needed to help load the items into vehicles, as some of the items are heavy and tough to load up. Access to a truck would be very helpful. Drop off at the recycling facility will be Saturday, April 8. Once again, please drop all items by 8 pm April 7th. Questions? E-mail Michele at mkocour@cox.net or speak with Jeff Malo in Unit V or John Galati in Unit IV.
